

## INDIAN PONIES FOR HEN FEED

Cars of Ancient Animals  
From Idaho Going to  
Petaluma

Two hundred and forty head of Indian ponies, six cars, purchased at the Fort Hall Indian reservation by F. C. Edwin of this city, arrived in Ogden yesterday morning and were started for Petaluma, Cal., last night, to be converted into chicken feed.

This shipment of horses, together with another shipment made by Edwin recently, makes nearly a thousand head of Indian ponies to be shipped to the chicken feed mills at Petaluma.

Mr. Edwin said that he will ship thousands of head of old horses and undernourished, worthless animals to California during the winter, providing he can secure the animals.

He said that he intends rounding up wild horses in southern Utah and Nevada, if it is possible, and to organize ranchers to assist in the capturing of the animals which, on grazing lands, have become a menace to stockmen and ranchers.

## RICE FREED OF LIQUOR CHARGE

Alcoholic Liquid Used for  
Salad Dressing Defense  
Claims

Harry Rice, charged with having intoxicating liquor in his possession, was found not guilty in the city court yesterday by a jury made up of J. L. Weber, Joseph Harris, T. C. Morris and P. N. Perry.

The case started Friday morning and continued until yesterday noon.

Rice, with two associates, was found in his room, the door locked, it is said. Members of the sheriff's office testified that before the door was opened following their demand, the gurgling of liquor being poured into a sink was distinctly heard.

The sense of smell of the officers augmented their hearing, according to the testimony offered, but their search only disclosed an empty gallon jug, numerous empty bottles and a whiskey flask in which there was a small quantity of coffee, it is said.

The liquor in the gallon jug was not an intoxicant, it was shown. Despite an analysis that the liquid contained 6.71 per cent alcohol, it was shown that the liquid was not a beverage, but "French dressing," which had been used by Rice as a sauce for tomatoes and salads.

## Harold Lloyd and Will Rogers in Double Bill Ogden Theatre Today

Harold Lloyd, the screen's great comedian, comes to the Ogden theatre today in his latest comedy, "Get Out and Get Under." On the same bill will be Will Rogers in his latest comedy drama, "Water, Water Everywhere." It is the best of the comedy drama with the clever star in the chief role as a fun and trouble maker.

The program which starts today is among the features for the early fall program which includes carefully selected pictures from the best motion picture companies in the nation.

Among some of the pictures coming to the Ogden for the early season will be Charles Ray in "45 Minutes From Broadway," the big picture which was first in transit from New York. Other features will include Rex Beach's "Silver Horde," Zane Grey's "Riders of the Dawn," Olive Thomas in "Darling Mine," William Russell in "The Man Who Dared," "Law Only in 'Oz,'" "Casualty Yours," Tom Mix in "The Texan."

One of the big pictures will be Governor Morris' famous story, "The Penalty," in which Len Chaney plays the role of the legless man.

The big comedians to be seen exclusively at the Ogden are Clyde Cook, Harold Lloyd and Larry Semon.

## Ogden Station Leads In Navy Enlistments

Ogden's naval sub-station leads all in the intermountain district in the number of enlistments for the quarter ending September 30. Reports received from the Salt Lake main station show that applicants for the quarter numbered 54, of which 37 were accepted and enlisted. The following are following Ogden with total enlistments of 25. Most of those now entering the navy are going in for training.

W. Y. McGeath of Mountain View, Wyo., was accepted yesterday for a three-year enlistment as apprentice seaman for the electrician's trade. McGeath has been given a 10-day leave in naval uniform before going to Mare Island, Cal.

## Packing Company and Bottling Works in Line

Through an oversight, The Standard-Examiner's account of the pageant procession Friday evening, did not mention the participation by the Ogden Packing & Bottling company and the Utah Bottling works. Both these firms had fine representations.

The packing company had a float upon which its products were displayed and there were many of its employees in line.

The Utah Bottling works also made a good showing with floats showing its products to advantage.
